2026 Vendor Application and Rules/Regulations

Costs and Fees

Application Fee: One time non-refundable \$45 per season per booth space.

Market Commission: Vendors who have pre-paid for the season the minimum fee for each market day (\$10 per day x 23 market days = \$230.) will be charged 5% commission of gross daily sales not to exceed \$45.

Commission is 10% for vendors who pay by the market day: \$10 minimum per market day with a cap of \$45 each market day.

Nonprofits and Fundraising booths will pay a flat rate booth fee of \$10 per market day.

A Vendor Daily Report will be given to each vendor prior to closing each market day. The report must be accurately and completely filled out and turned in to the Market Manager along with fee payment during the vendor checkout process. All dollar amounts, including calculated commissions, shall be rounded to the nearest dollar.

Operations

Product Ratio: A goal of the Chewelah Farmers Market is to have less than 40% of the total gross sales on any market day attributed to crafts, art, baked goods, or other processed or value-added products that are not considered locally raised or resold produce, plants, meat, eggs, dairy, or honey.

Hours of Operation: The Chewelah Farmers Market will be open (except by declaration of the Market Manager) Fridays from 11 a.m. to 3:30 p.m.

Vendors are expected to attend each market day and are required to remain open for business until market closing. Leaving the market before close of business without consent of the Market Manager or Board President may result in an additional \$50 fee, which must be paid before the vendor sets up again at the market.

Check-in: All vendors need to check in with the Market Manager or a designated volunteer before setting up on each market day. Booth placements are based on a number of considerations, and those who apply late or join the market after the season begins can expect to be moved from one market day to another depending on market needs. All vendors must have a current, fully completed, and signed vendor application on file and have submitted application and booth fees. Incomplete, unsigned, or unpaid applications may be returned and you may not be able to participate as a vendor.

Setup: Vendors should plan on setting up booths by staggering arrival by need – food vendors first; large, product heavy vendors next; arts and crafts and other booths will depend on the complexity of your products and displays – ALL vendors need to be set up and ready to engage with customers by 11 a.m., not carrying canopies or rolling carts after the market has opened.

Vendor Loading and Unloading: No vehicles are allowed on the grass in the city park (the park is watered by sprinkler heads buried at grass level). Vendors may unload from the customer parking area along Hwy 395. **Warnings and fines for loading/unloading or parking infractions may be assessed at the discretion of the Market Manager.**

Unloading: Vendors should plan on driving their vehicles parallel to the sidewalk along the park – do NOT park nose-in or back up to the curb. This allows all vendors to flow through the parking area in two lanes, marked by orange cones set up by the market manager.

2026 Vendor Application and Rules/Regulations

Parking: Vendors MUST be clear of the parking area anywhere along the east side of Highway 395 next to the park by 10:45 a.m. Parking can be an issue for customers, and ALL of the parking along the east side of 395 gets taken on most market days during peak hours – vendors need to keep as much parking clear around the park as possible. There is street parking near to the park, and parking along the residential east side of the park. The City of Chewelah prohibits parking in the camping area of the city park without a paid camping reservation. Do not park in private parking lots owned by residents or local businesses unless you have obtained permission to do so.

Safety: Vendors need to be vigilant while exiting, entering, or unloading next to the park along highway 395, which is a busy state highway with large trucks passing within feet of the parking line.

Restrooms: Vendors have access to the two restroom facilities in the park, located in the northeast and southeast corners of the park. Please respect local businesses and refrain from using their restrooms unless you are a paying customer or have permission to do so.

Booth Assignment: Vendors will be assigned a 10x10 booth space on a first come, first serve basis at the discretion of the Market Manager. If a vendor misses a week of the market without notifying the Market Manager before 8:00 a.m. the day of the market, the vendor may be replaced by a vendor of similar type from the vendor waiting list.

If there is a lack of booth spaces during peak market season, the Market Manager may use whatever options are available to accommodate all vendors in the market's defined space, such as limiting non-farm vendors to one booth or consolidating two smaller vendors into a single booth space. If there is temporarily insufficient room for all vendors, priority will be given to farmer vendors with the strongest attendance record.

Canopies: All vendors who wish to erect canopies (including umbrellas) on the market site during a normal period of market operations, including the setup and break down period, are required to have their canopies sufficiently and safely anchored to the ground from the time their canopy is put up to the time it is taken down. Any vendor who fails to properly anchor his or her canopy will not be allowed to sell at the Chewelah Farmers Market on that market day, unless that vendor chooses to take down and stow their canopy and sell without it. Each canopy leg must have no less than 24 pounds anchoring each leg. Canopy size may not exceed booth space assigned.

Signage and Displays: All vendors must post a sign identifying the name of the farm/business represented. Prices should be clearly posted. Displays, signs, and racks must not obstruct customer traffic flow or a clear view of adjacent booths and vendor displays. Good thought put into booth design/presentation not only brings in customers, but reflects on the reputation of the market.

Music and Broadcasts: Market Management is responsible for broadcasting music, announcements, and other entertainment. Any exceptions MUST be discussed with the Market Manager prior to playing music (live or recorded) or making announcements, or playing of other media during market hours.

Priority on Locally Produced Inputs: The Chewelah Farmers Market is dedicated to local sustainability. We encourage vendors to utilize local inputs wherever possible for their products. For example, where options are available, a food processor might choose locally produced ingredients over commercial ones, or a crafter might choose locally produced supplies instead of commercially available ones.

Local Produce: Vendors selling produce not grown by themselves must post source information about the grower in a location plainly visible to any customer. All resale produce must be grown within Washington state. All resale produce must be purchased directly from producers or growers, not from wholesalers or warehouses.
